REVIEW OF MARKETS

FINANCIAL AND COMMERCIAL Stocks, Money, Exchange, Bonds, Grain,

Cotton, Provisions, Etc.

New York, Aug. II.—The stock market showed greatly increased activity and attempt to-day. The strength was somewhat the deady. The strength was somewhat the cage, but the heaviest demand was still confined to a small number of stocks. The majority of the industrial stocks were listless and lower. This was notably the case with the iron and steel stocks, except Tennessee Ceal, which has regained 2 points of its decline. The bears were disposed to continue the contest early in the day, and handled to-bacco stocks and Sugar rather severely, but even in these the bear campagn showed convincing evidence of exhaustion before the day was over. Sugar ruled sbout last night's level during the latter part of the day, and closed with a net gain of 13. American Tobacco regained its earlier losses and Brooklyn Rapid Transit, though rather feverish at times, was higher all day.

The characteristic movement of the day was in the railways. The Southern group and Central Pacific stocks continued to be the center of strength, with some additions to the former group over those which moved unward yesterday. Louisville was the leader and rose at one time bearly 3 points, its close being a small fraction below that. Southern Railway preferred continued strong, but Chesapeake and Ohio stocks came vigorously forward into the movement, the common rising an extreme 3 points and preferred 2½, with subsequent fractional reaction. Norfolk chd western preferred and Mobile and Ohio also shared in the strength. The buying of Southern Pacific was very large and evidently by a powerful concepted movement. The atock rose 2½, and Central Pacific gained 2 points. There was an isolated movement and preferred 2½, with subsequent fractional reaction. Norfolk chd western preferred and Mobile and Ohio also shared in the strength. The days the ensier condition of the London were conspicuous. Northwest gained 2½, and central pacific gained 2 points. There was an isolated movement of the Bank of Engagers, Atchison preferred and Pennsylvania were conspicuo

The Cotton Markets.

NEW YORK COTTON MARKET,
New York, Aug. 17.—The cotton market
was less active to-day. The first call
developed a weak feeling, with prices 3
points higher to 5 points lower. Later
the general market showed a general decline of 365 points, liquidation being the
cause of the unsatistictory cables and
lack of outside speculative support. The
market railled partially later on satisfactory weather conditions in the cotton
belt, it being feared that insufficient rain
had fallen.

The fact that the weather 'n Texas continues very hot, as well as in other parts of the Southwest, added to the apprehensions of the bourhoest, added to the apprehensions of the bear contingent in connection with the fact that no rains are indicated by the government forceast.

Late in the session some selling sead of the session some selling as done for short account on theory that higher prices ruling for cotton would stimulate an early movement of the new croudle and that the influence of receipts would be to keep out spot buyers from anticipating their wants to any great extent this fact has a cumulations.
